

## Logging into D2L – a Student Tutorial

1. Open an Internet browser and go to the Camosun College website (<http://camosun.ca>). We recommend you use Chrome as your Internet browser if possible. Then click **D2L** in the top navigation bar. (If your screen is small, you may need to click on the hamburger menu – three line menu – at the top right and scroll down to select D2L).

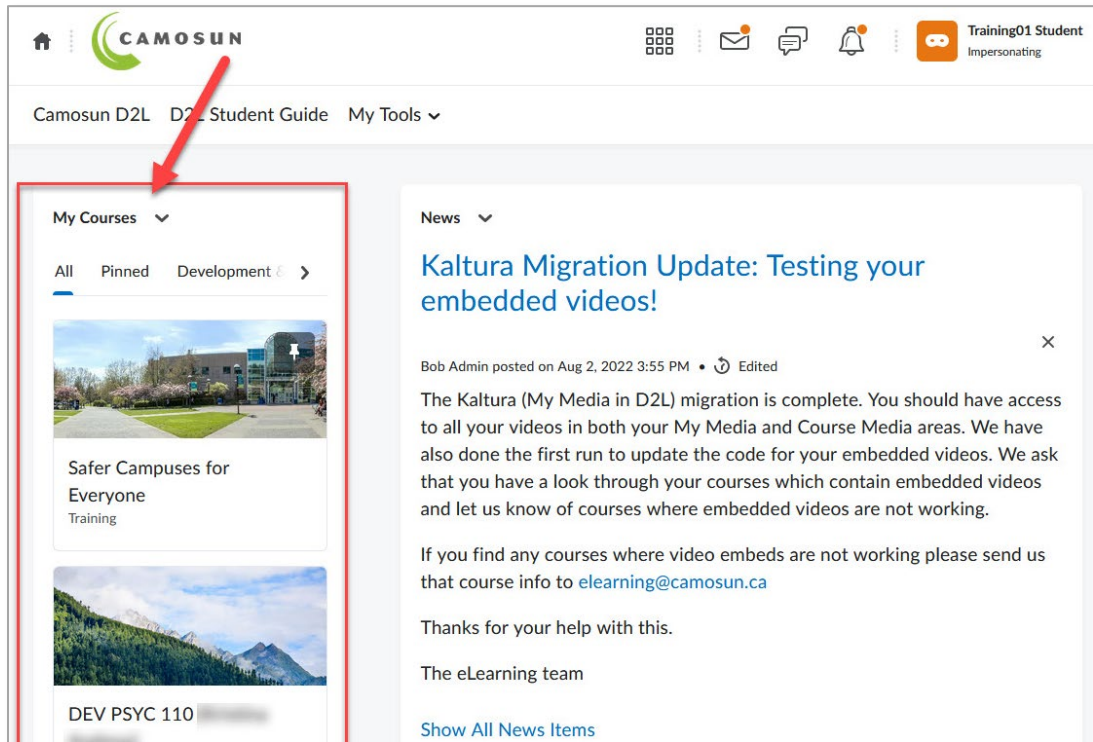

2. Enter your Camosun ID number (your seven digit C#) and your single sign-on password. Your single sign-on password is the same password you use to login to myCamosun and college computers. Then click **Log in**.

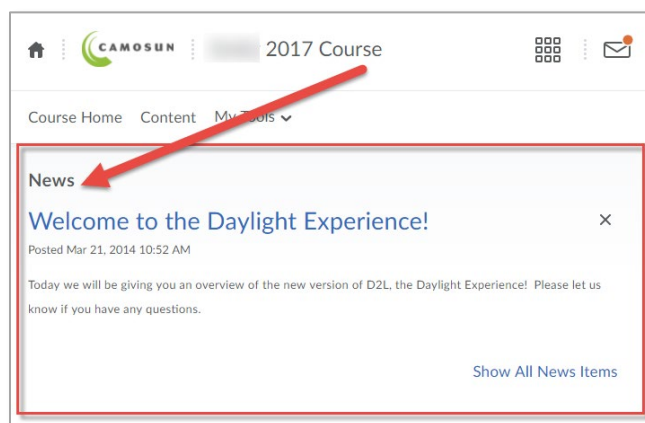

**NOTE:** If you have forgotten your password, you need to reset your password. Instructions for password reset are available on the [ITS Self-Service Password webpage](#). If you are unable to reset your password, submit [a help ticket](#) or contact Camosun ITS: <https://camosun.ca/services/its/>

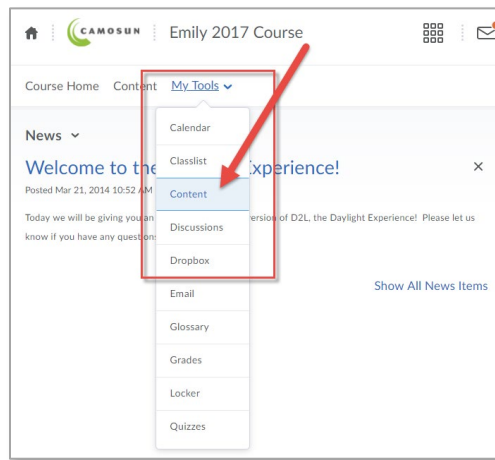

3. Once you have logged into D2L, you will see the courses you have access to listed in the **My Courses** box on the homepage. To access a course, click on the title of the course you wish to access. *Note that you will NOT be able to access your D2L course site until the start date of the course.*

4. Navigate to your course materials. Course materials may be posted in News items on the course homepage, or in the Content tool.
- a. If your instructor posted course materials in News, you will see News items on the course homepage.

- b. If your instructor posted course materials in the Content tool, click on **Content** in the navigation bar, or click **My Tools** in the navigation bar and select **Content** from the drop-down menu.

- c. If you still cannot find your course materials, email or talk to your course instructor!
5. Finally, if you still need help logging into D2L or have technical issues with D2L during the term, please visit our [Team Dynamix Support portal](#) and click the appropriate Category to submit a help ticket.
