D2L Tutorials

Sharing Badges to your Profile in D2L

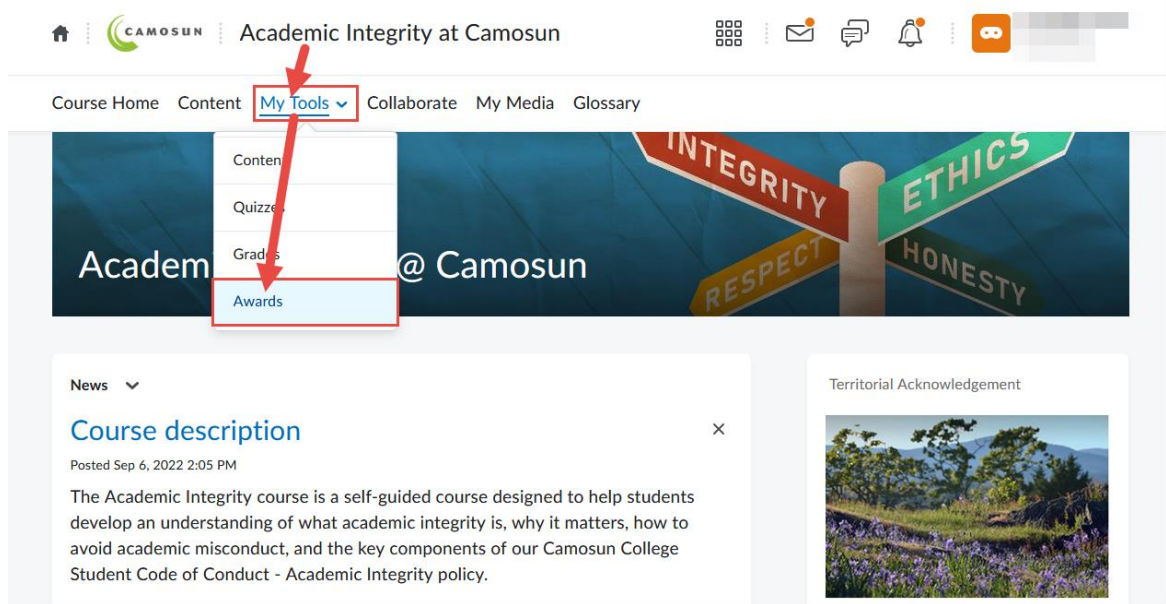

This tutorial is designed for students and faculty who have previous experience using D2L. For further information or assistance, go to our [Team Dynamix Support portal](#) and click the appropriate Category to submit a ticket.

Scenario

Some courses may award a badge for completion or mastery of a skill or quiz. You can share this badge to your D2L Profile, so other users and instructors can view your achievements.

Steps

1. Go to Camosun.ca, log into D2L, and go into your D2L course.
2. Click on the **MyTools** drop-down menu, then select **Awards**.

3. In the **MyAwards** tab, click **Share** on the course Badge you would like to share.

4. In the popup window click **Share to Profile**. Then click **Close**.

Updated September 2022 Page < # >

- Now, your instructors and fellow students can see your award/badge by clicking on your picture in a D2L course **Classlist**.

Things to Remember

If you do not see **Awards** linked in your D2L course, your instructor may not be using the **Awards** tool. Check with your instructor to make sure.
