

Using Discover to Self-Enrol into a D2L Course – D2L Tutorial

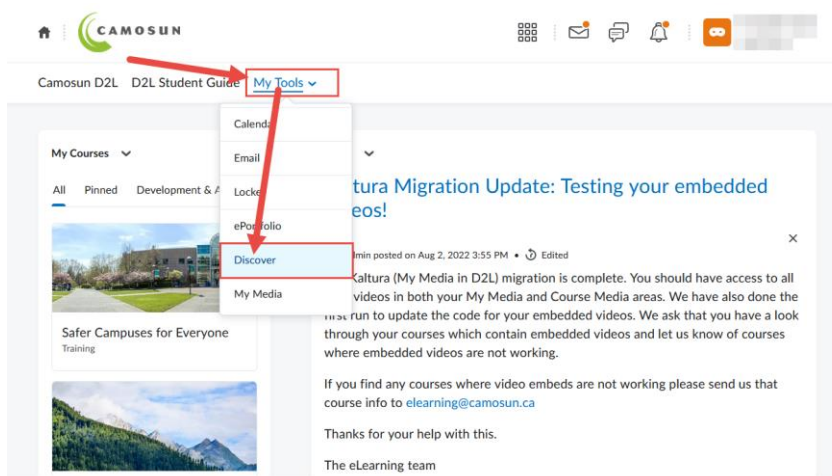

This tutorial is designed for students and faculty who have previous experience using D2L. For further information or assistance, go to our [Team Dynamix Support portal](#) and click the appropriate Category to submit a ticket.

Scenario

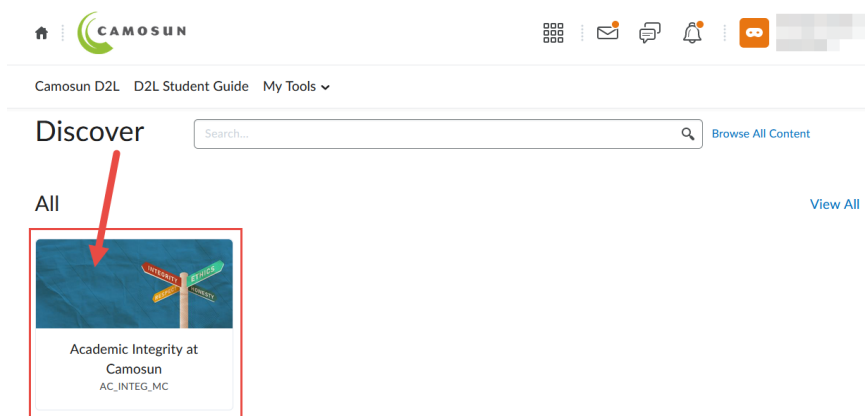

Camosun College offers some courses for training and enrichment. This tutorial covers the steps to self-enrol in one of these courses.

Steps

1. Go to Camosun.ca, click D2L in the top menu, and log into D2L.
2. On the main Camosun D2L homepage, click on the **MyTools** drop-down menu, then select **Discover**.

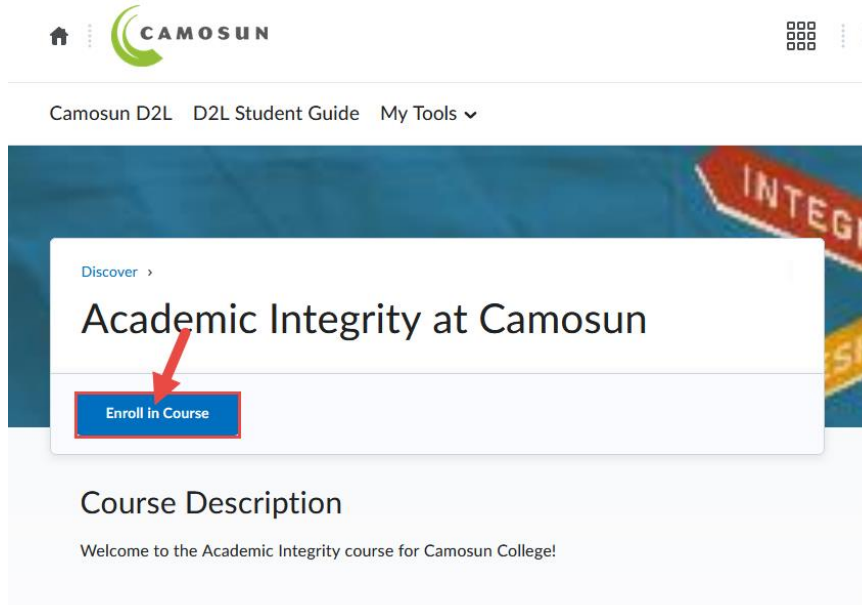

3. On the Discover page, click on the course you want to enroll in.

4. Click **Enroll in Course**.

5. The course you enrolled in will now appear in your **MyCourses** widget under the **Training** tab.

Things to Remember

If you do not see the course in which you want to self-enrol on the Discover page, the course may not be eligible for self-enrolment. If you have been told the course should be set up for self-enrolment, contact [eLearning Support](#) for help.
