

## Setting Videos to Allow for Downloads through My Media in D2L – A Student Kaltura Tutorial

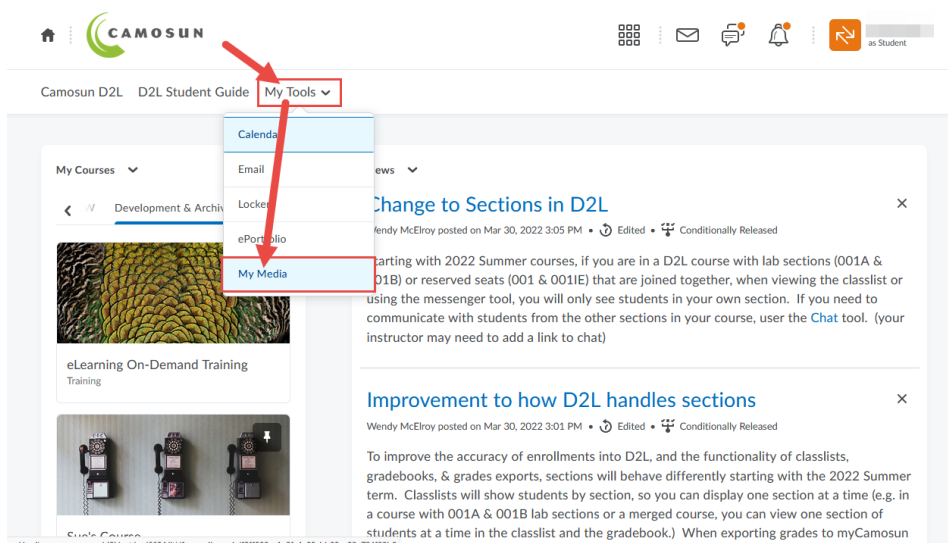

This tutorial is designed for students who have uploaded media to **My Media** in D2L. For further information or assistance, go to our [Team Dynamix Support portal](#) and click the appropriate Category to submit a ticket.

### Scenario

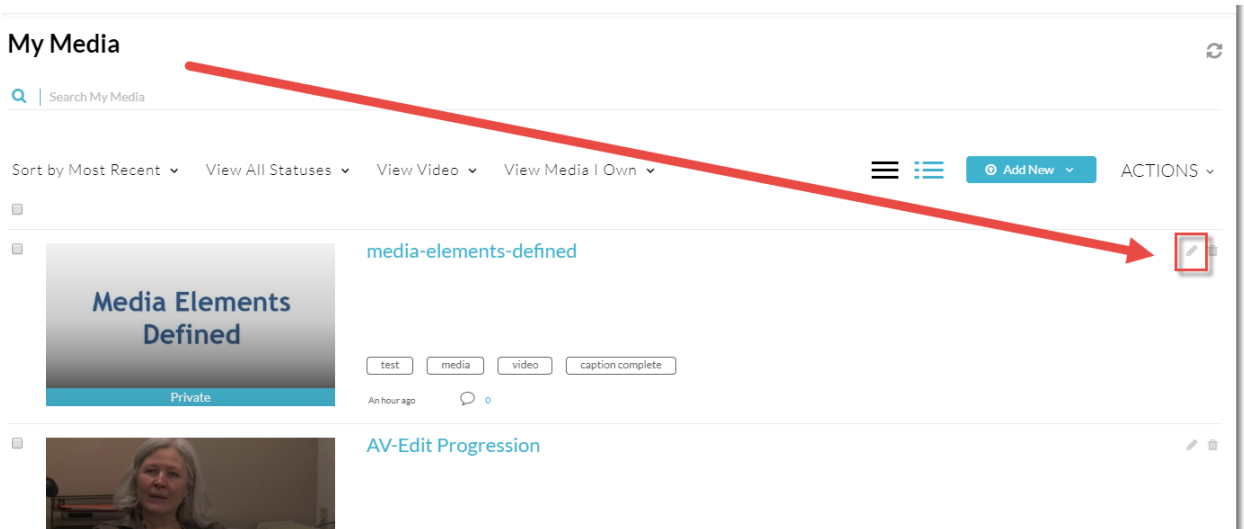

This tutorial will cover the steps involved when you wish to allow your videos to be downloaded.

### Steps

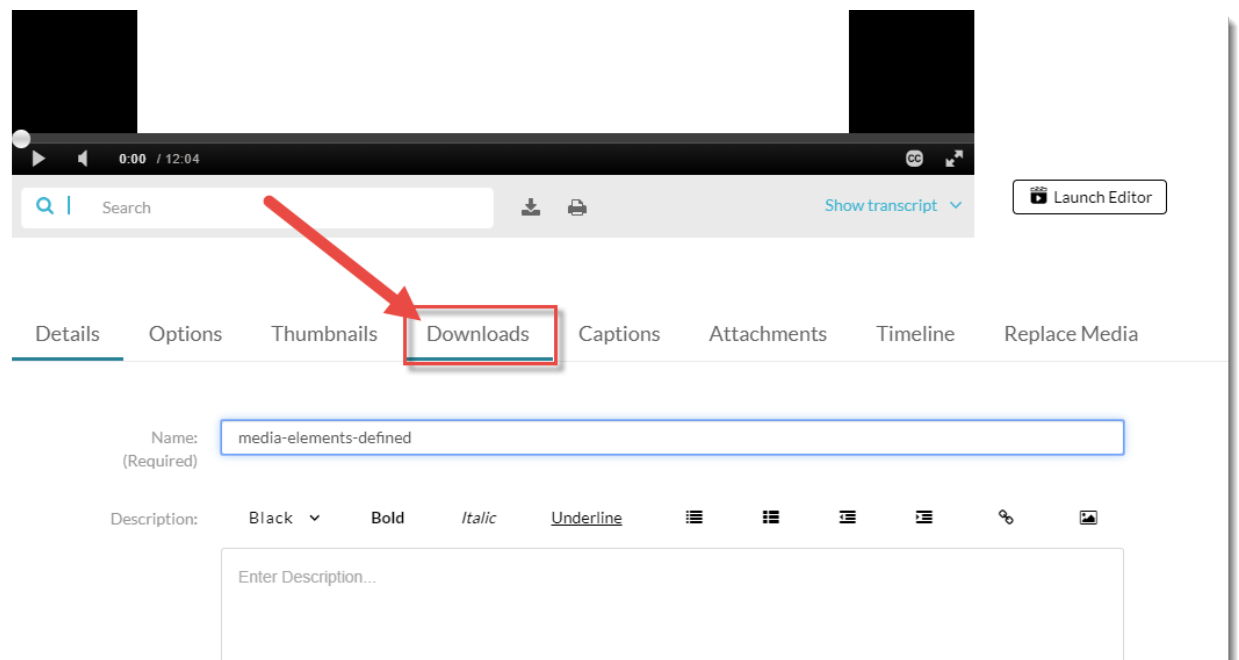

1. Go to the main Camosun D2L homepage. Click My Tools and select **My Media**.

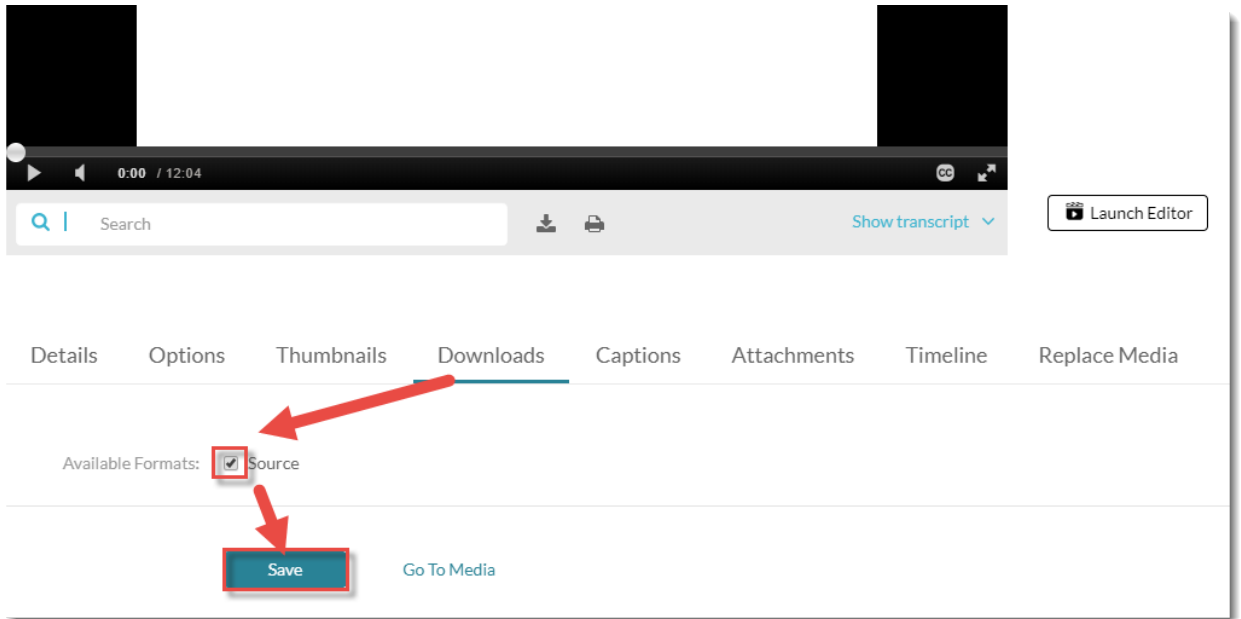

2. Click the **Edit** icon (the pencil) to the right of the video you wish to allow downloads for.

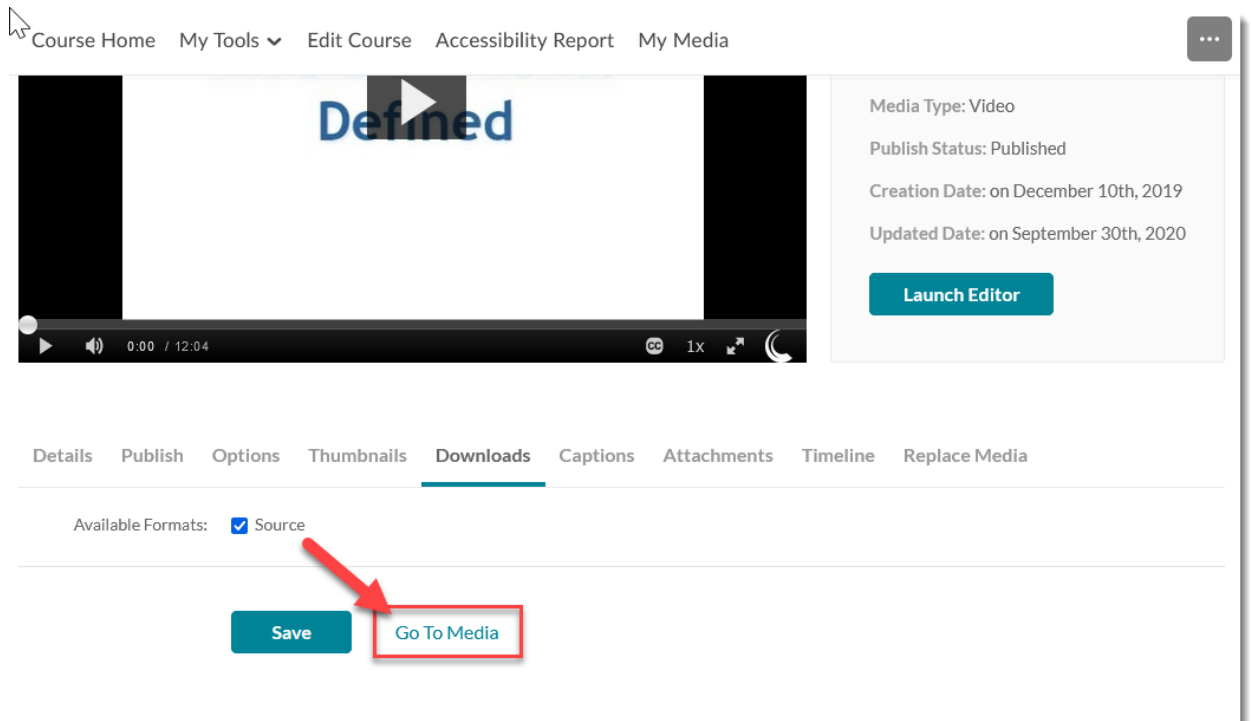

3. Click **Downloads**.

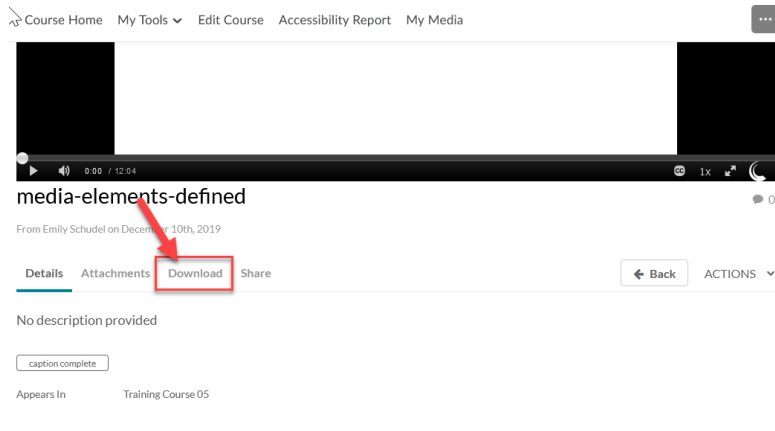

4. Click the **Source** select box and click **Save**.

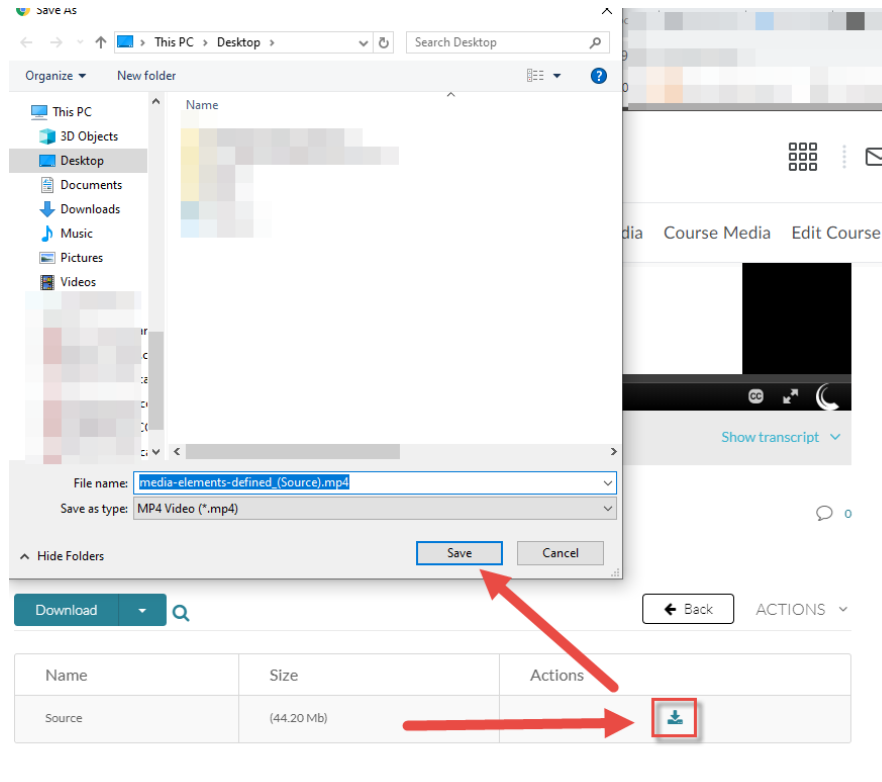

5. Click **Go To Media**.

6. Scroll down and under the video, click the **Download** tab.

7. Finally, click the download icon to save the video to your device.

## Things to Remember

We recommend setting your video(s) to allow for downloads so that you can save a copy to your device in case you don't have a copy there already.
