

Adding Simple Syllabus to your Navigation Bar – D2L Tutorial

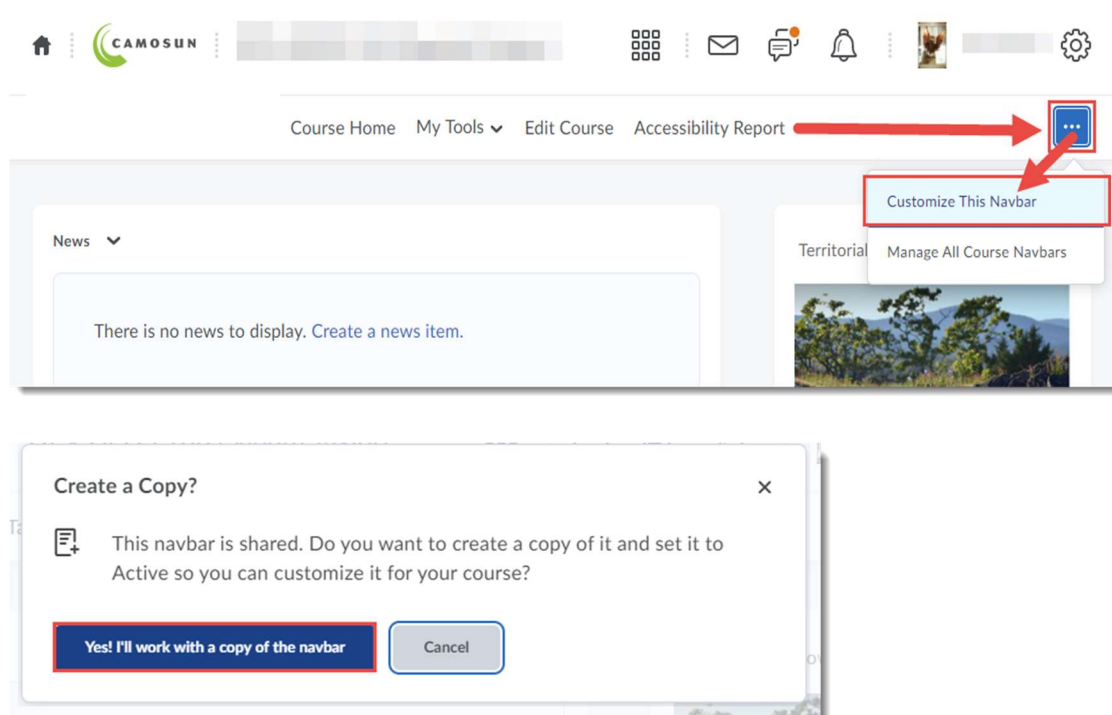

This tutorial is designed for faculty who have experience using D2L. For further information or assistance, go to our [Team Dynamix Support portal](#) and click the appropriate Category to submit a ticket.

Scenario

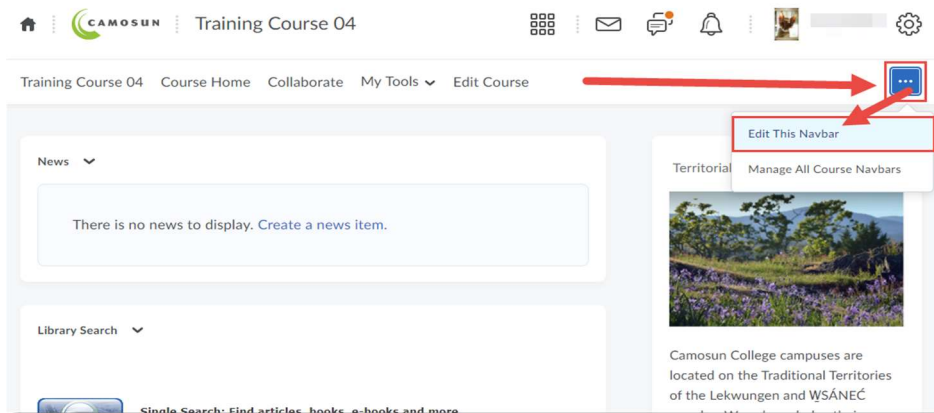

This tutorial will cover the steps involved when you wish to add a link to your Simple Syllabus to your navigation bar (Navbar) on your D2L course site. If you don't know how to set up your Navbar for customization, see the tutorial [Customizing your Navigation Bar](#).

Steps

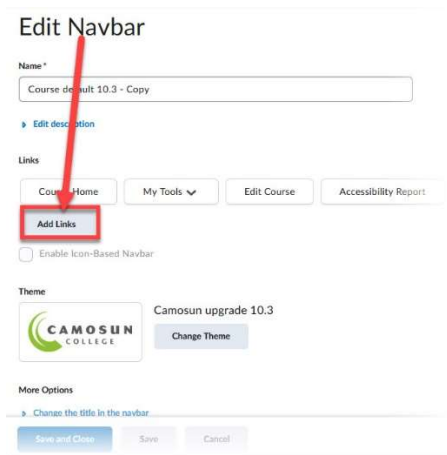

1. Go to your D2L course site. You then have two options.
2. Hover your mouse over your Navbar and click on the three dots on the right side. EITHER select **Customize This Navbar** and **Yes! I'll work with a copy of the navbar**,

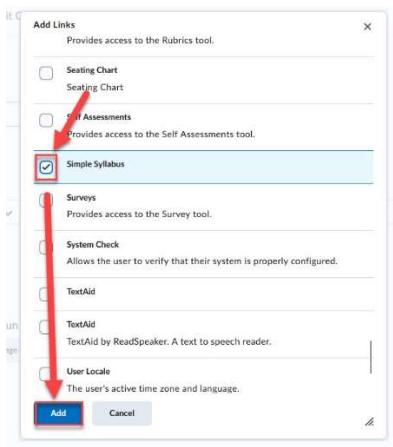

OR (if you have already customized your Navbar) select **Edit this Navbar**.

3. On the Edit Navbar page, click **Add Links**.

4. Scroll down in the **Add Links** box and select **Simple Syllabus**. Click **Add**.
