

Creating True or False Questions in D2L – D2L Tutorial

This tutorial is for faculty who have previous experience using the Quizzes tool and Question Library in D2L. For further information, please contact elearning@camosun.ca for assistance.

Scenario

This tutorial will describe how to create a **True or False** question for use in the Quizzes tool in D2L.

Steps

1. Go to the **Quizzes** tool in your course, then click **Question Library**.

The screenshot shows the D2L interface for 'Training Course 03'. The 'Manage Quizzes' section is active, and the 'Question Library' tab is highlighted with a red box. A red arrow points to this tab from the right. Below the tabs, there are buttons for 'New Quiz', 'Edit Categories', and 'More Actions'. A 'View:' dropdown is set to 'By Availability' with an 'Apply' button. Below this is a 'Bulk Edit' link and a table of quiz items.

		Published
<input type="checkbox"/>	Current Quizzes	
<input type="checkbox"/>	All About Quizzes Availability: always available	-
<input type="checkbox"/>	Master Quiz (inactive) Availability: always available	-

2. Create a **New** → **Section** or click on the title of an existing **Section** (folder) in which to save your Short answer question. For the purposes of this tutorial, we will click **Quizzes**, and then **Week 1**.

4. Type your question into the **Question Text** box. You will see a **Preview** of the question begin to appear in the right-hand panel.

The screenshot shows a web interface for creating a question. At the top left is a link 'Back to Question Library'. Below it is a dropdown menu set to 'True or False' with an 'Options' link. The 'Question Text' box contains the text 'COVID-19 was discovered in the year 2020.' A red box highlights this text, and a red arrow points from it to the 'Preview' panel on the right. The 'Preview' panel shows the same text and two radio buttons for 'True' and 'False'. Below the 'Question Text' box is the 'Answers' section with two radio buttons for 'True' and 'False'. Below that is the 'Default Points' section with a text box containing '1'. At the bottom are 'Save' and 'Cancel' buttons.

5. Click the circle next to the correct answer and adjust the **Default Points** as needed.

This screenshot shows the same interface as the previous one, but with the 'Answers' section selected. The 'True' radio button is unselected, and the 'False' radio button is selected, indicated by a blue checkmark. A red box highlights the 'False' radio button, and a red arrow points from it to the 'Default Points' text box, which contains the number '1'. The 'Preview' panel on the right shows the question text and the 'True' and 'False' radio buttons. The 'Save' and 'Cancel' buttons are at the bottom.

6. For additional settings, click **Options**. Here you will be able to add **Feedback**, a Hint, a **Short Description**, and **Enumeration**. Click **Save** when you have completed creating your question.

The screenshot shows a web interface for creating a question. At the top left is a link "Back to Question Library". Below it is a dropdown menu set to "True or False". The "Question Text *" field contains "COVID-19 was discovered in the year 2020.". The "Answers *" section has two radio buttons: "True" (unselected) and "False" (selected with a checkmark). The "Default Points *" field contains the number "1". At the bottom are "Save" and "Cancel" buttons. A red arrow points from the "Options" dropdown menu to the "Options" button. Another red arrow points from the "Options" menu to the "Save" button. The "Options" menu is open, showing four options: "Add Feedback", "Add Hint", "Add Short Description", and "Add Enumeration".

Things to Remember

If you do add **Feedback** and **Hints** to your True or False question, you can still control whether or not students see those in an individual Quiz using the quiz settings.
