Adding a Kaltura Video to a Discussion in D2L – A Student Kaltura Tutorial
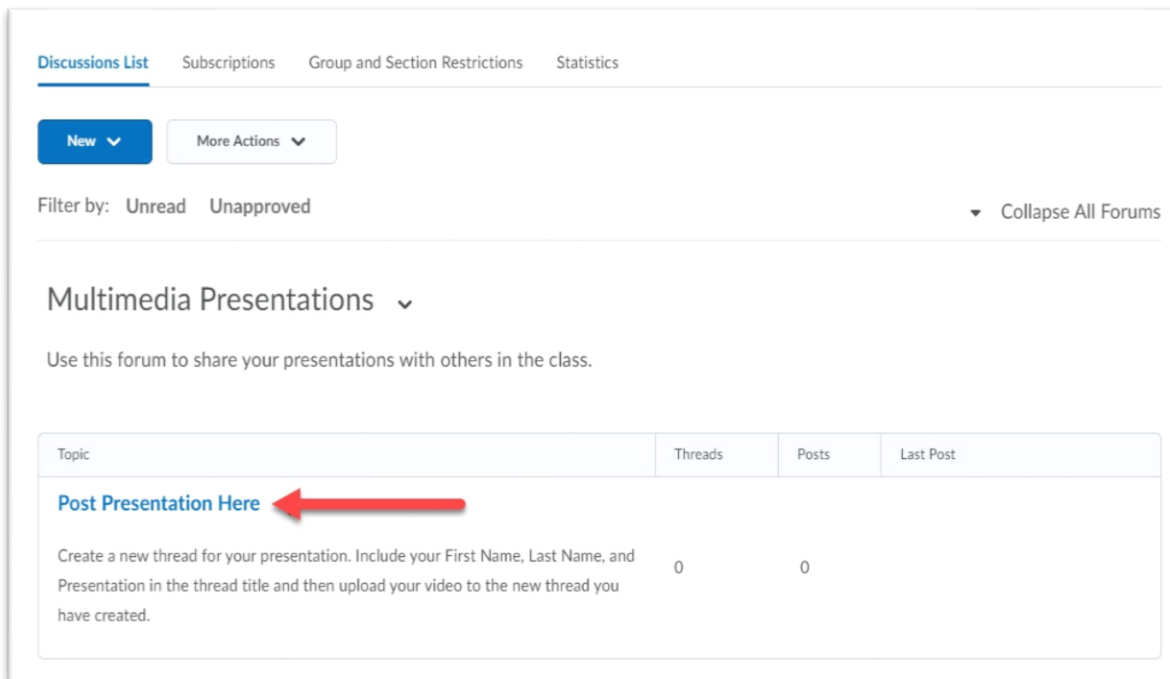

Kaltura is the streaming media tool integrated into D2L and supported by eLearning at Camosun. Kaltura gives faculty and students a place to upload, create, and edit their course-related videos, audio files, and images. . For further information, please contact elearning@camosun.ca for assistance.

Scenario

This tutorial will cover the steps involved when you wish to embed a video (*that you have already uploaded into your **My Media** space*) into the Discussions tool in D2L.
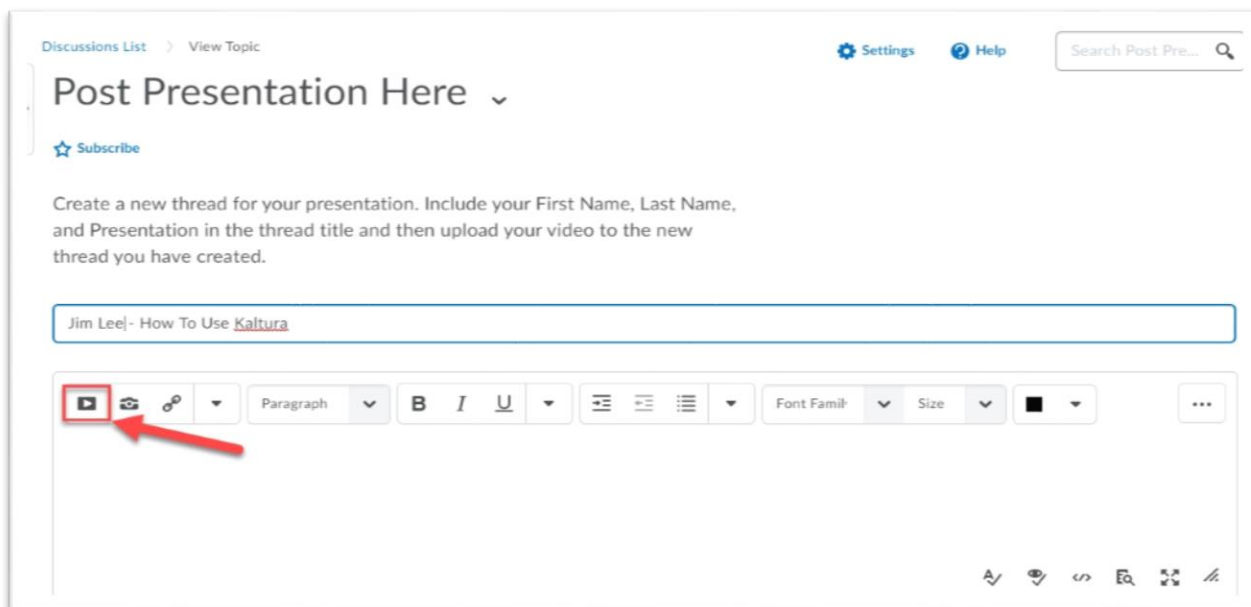

Steps

1. Go to your D2L course, and then to the **Discussions** tool.

2. Click on the title of the **Discussion Topic** you want to add your video to.
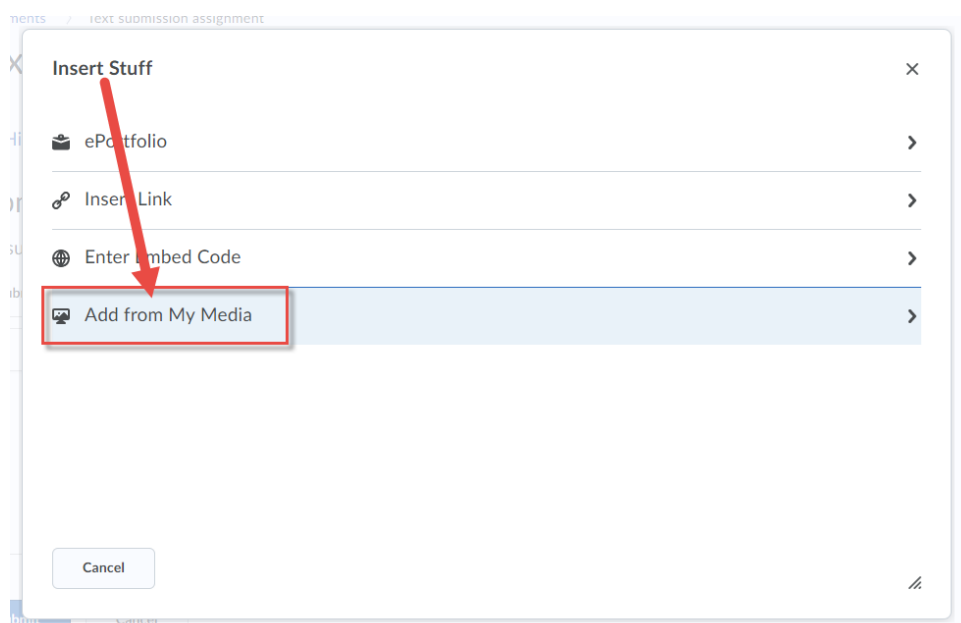

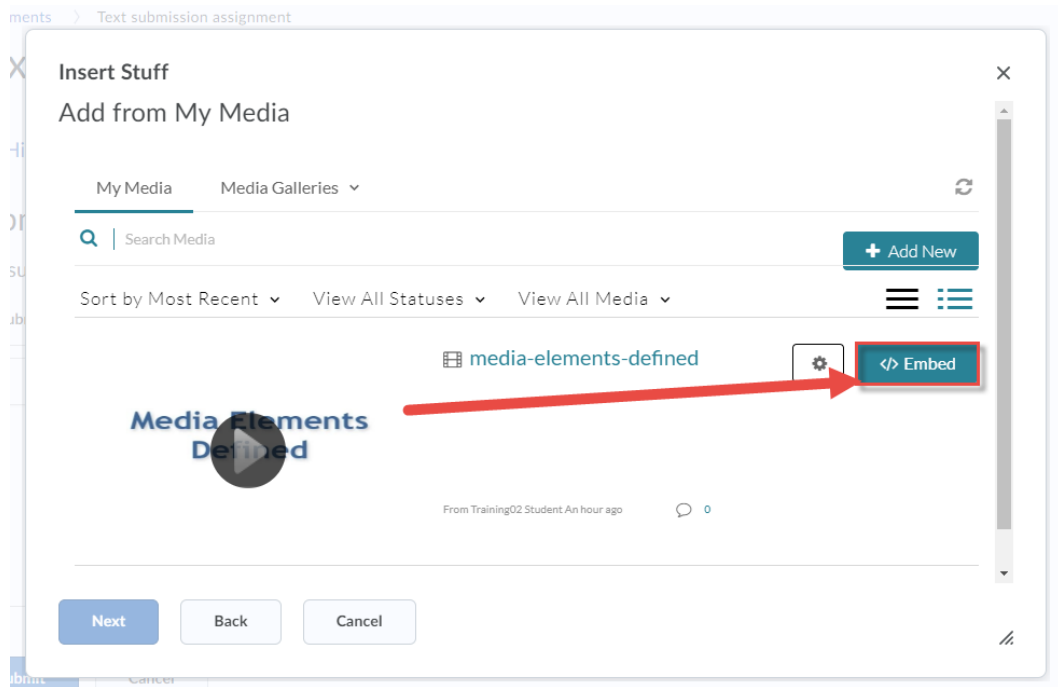

3. Click **Start a New Thread** (or reply to an existing thread), add a **Subject**, then click the **Insert Stuff** icon (at the top, left on the toolbar.)

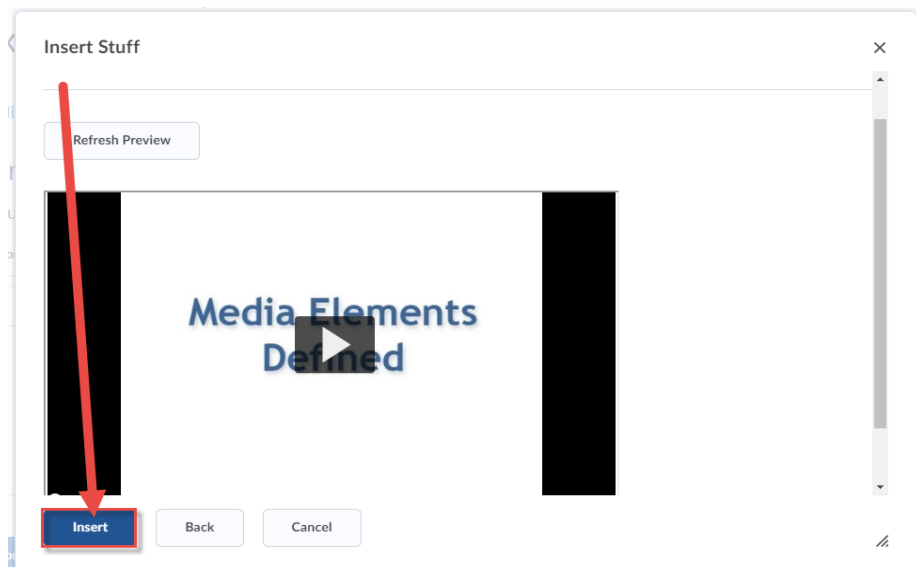

4. In the **Insert Stuff** box that opens, click **Add from My Media**.
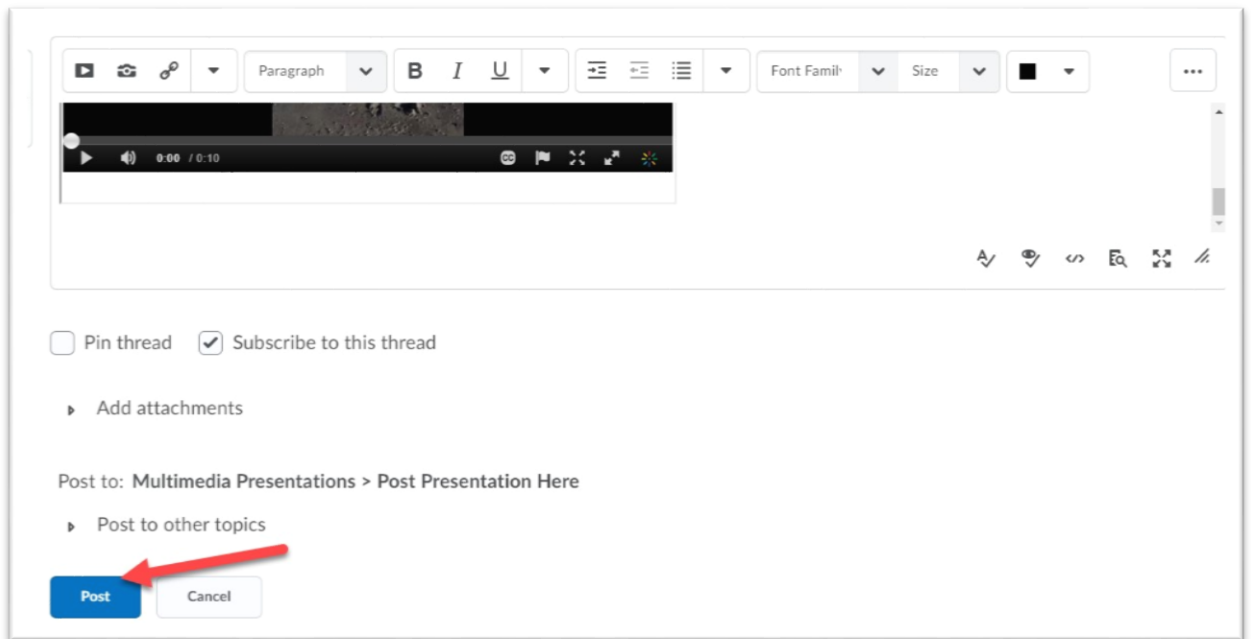

5. Scroll down to find your video assignment, and click the **Embed** button.

6. Make sure the video appearing in the **Preview** window is the right one, then click **Insert**.

7. Click **Post**.

Things to Remember

You need to have added videos to your **My Media** space first in order to embed them into a Discussion post.

You can also add Kaltura videos into **Assignments** in the same way (using **Insert Stuff**). See the tutorial *Adding a Kaltura Video to an Assignment* for more information.
