

Editing an Existing Kaltura Video Quiz in D2L – Kaltura Tutorial

This tutorial is designed for faculty who have previous experience using D2L, and who have created a Video Quiz through **My Media** in D2L. For further information, please contact elearning@camosun.ca for assistance.

Scenario

This tutorial will cover the steps involved when you wish to edit a Video Quiz you have already created.

Steps

1. Go to your course in D2L.
2. Go to **My Media**.

The screenshot shows the D2L course interface for 'Training Course 03'. The navigation bar at the top includes 'Training Course 03', 'Course Home', 'My Tools', 'My Media', and 'Edit Course'. The 'My Media' link is highlighted with a red box, and a red arrow points to it from the left. Below the navigation bar is a banner image of a bear's face with the text 'Training Course 03'. The main content area is divided into two columns. The left column contains a 'News' section with a 'Welcome to D2L Daylight!' announcement, posted on Mar 21, 2014, and a 'Show All News Items' link. The right column contains a 'Territorial Acknowledgement' section with a photo of purple flowers and text stating 'Camosun College campuses are located...'. A three-dot menu icon is visible in the top right corner of the course page.

- Find the Video Quiz you want to edit, and click on its title.

- Scroll down, click **Actions** and select **Launch Editor**.

5. Edit the **Details**, **Scores**, and **Experience** information if needed.

6. Add questions as needed (see the tutorial *Creating a Video Quiz in Kaltura* for more information). To edit an existing question, click on the question icons on the timeline to jump to a specific question, make your changes, and click **Save**. Continue jumping to, and editing the questions as needed.

7. To delete a question, click the question icon on the timeline, then click **Delete**. *Note that when you click Delete, there is NO warning, and once you Delete a question, there is no “undo” function.*

8. To move questions on the timeline to a different moment in the video, click the question icon to bring up the question, then click and drag the question icon right or left on the timeline and drop it where you want it. Click **Save**.

9. When you have finished all your edits, click **Done**.

10. Click **Go to Media Page** to return to your **My Media** space.

Things to Remember

If you have embedded this Video Quiz into the HTML editor, the changes you have made should show up in the page (check the page first to make sure). However, if you have connected the Video Quiz it to a **Grade Item**, you will want to adjust the points in the **Grade Item** to match the points in your edited Video Quiz if you have changed them by adding or deleting questions.
