

Replacing Closed Captioning with another Captions File in My Media in D2L – Kaltura Tutorial

This tutorial is designed for faculty who have previous experience using D2L and **My Media** in D2L. For further information, please contact <u>elearning@camosun.ca</u> for assistance.

Scenario

This tutorial will cover the steps involved when you wish to replace an existing closed captions (CC) file attached to a video with captions you have arranged to be created by an external service.

Steps

- 1. Go to your course in D2L.
- 2. Go to My Media.

7. Browse for the captions file for this video on your device, select the Language of the captions file, give it a Label (this will appear in the Label column in the Captions table), and then click Save.

8. Your new captions file will appear in the Captions table. Click on the **X** next to any auto CC files you want to delete. It will take up to 24 hours for the new captions to appear with your video.

Things to Remember

Make sure to edit your video BEFORE ordering and uploading captions. You can edit your paid-for captions if you need to – see the tutorial *Editing Closed Captions in Kaltura* for more information (the process is the same for paid captions).
