

Adding a Banner Image to your Course Homepage – D2L Tutorial

This tutorial is designed for faculty who have experience using D2L. For further information or assistance, go to our [Team Dynamix Support portal](#) and click the appropriate Category to submit a ticket.

Scenario

This tutorial will cover the steps involved when you wish add a banner to your D2L course homepage.

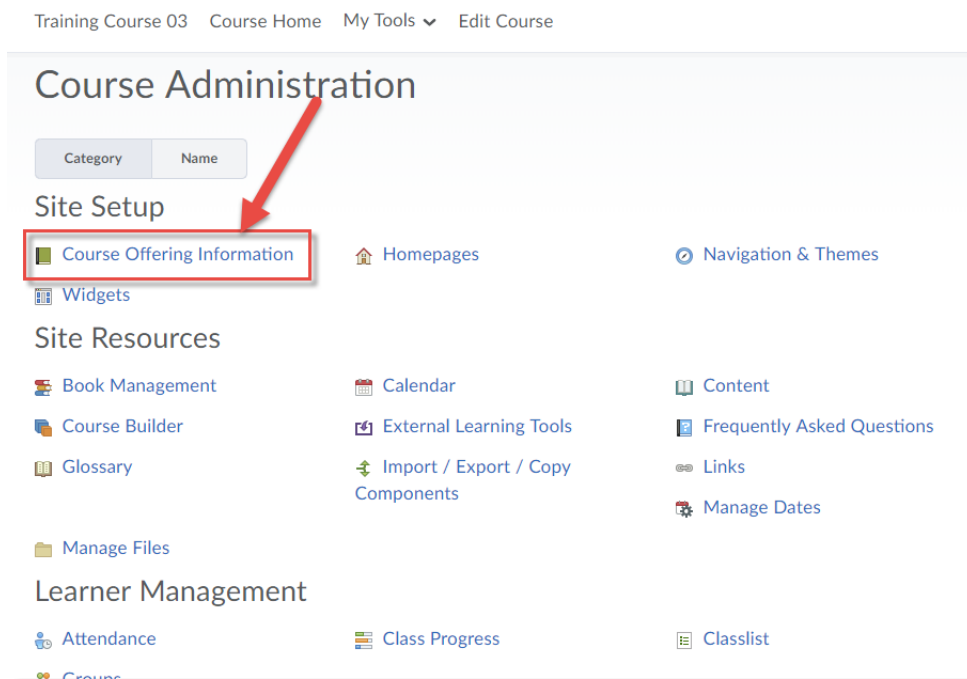

Steps

1. Go to your course in D2L.
2. Click **Edit Course**.

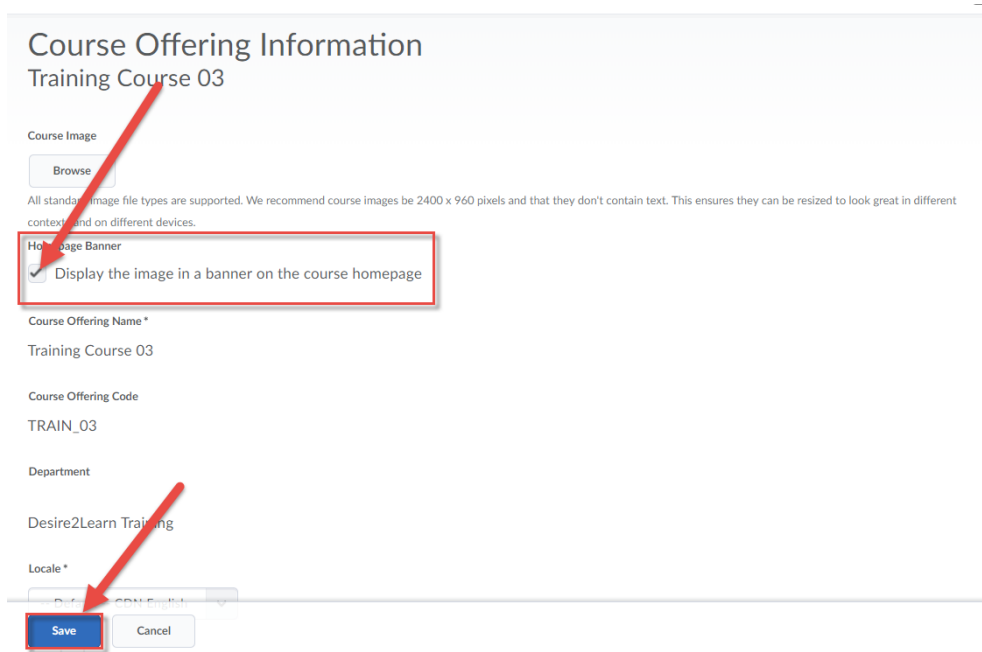

The screenshot shows the D2L course homepage for 'Training Course 03'. The breadcrumb trail includes 'Training Course 03', 'Course Home', 'My Tools', and 'Edit Course'. The 'Edit Course' link is highlighted with a red box, and a red arrow points to it from the text above. The page content includes a 'News' section with a 'Welcome to D2L Daylight!' announcement and a 'Territorial Acknowledgement' section with a photo of purple flowers.

3. Click **Course Offering Information**.

4. Under Homepage Banner select **Display the image in a banner on the course homepage**. This will take the image associated with your course in the My Courses widget and make it a banner on your course homepage. Click **Save**.

- OR if you want to upload an image of your own and add it as a banner (and as the image that will appear in the My Courses widget), click **Browse** under **Course Image**.

Course Offering Information
Training Course 03

Course Image

Browse

All standard image file types are supported. We recommend course images be 2400 x 960 pixels and that they are displayed in various contexts and on different devices.

Homepage Banner

Display the image in a banner on the course homepage

Course Offering Name *

Training Course 03

And then in the **Add a File** box, clicking **My Computer...**

Add a File - Training Course 03 - Camosun D2L

Course Offering Files

Shared Files

My Computer

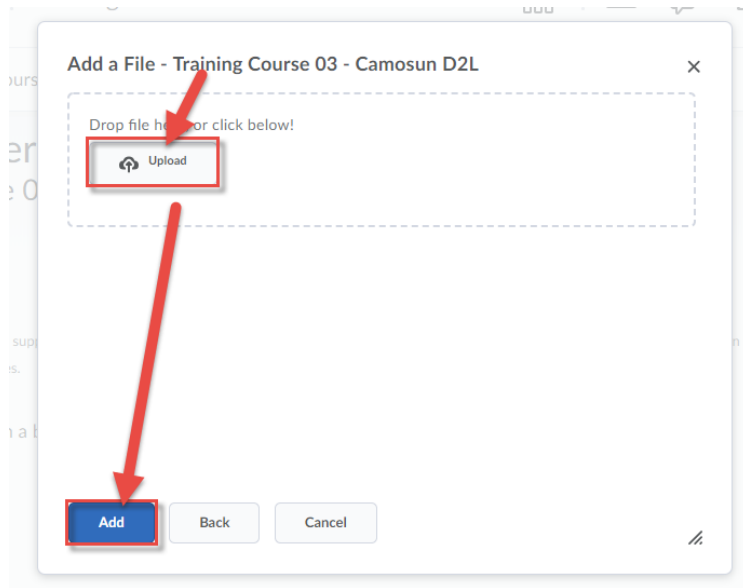

My L My Computer

Group Locker

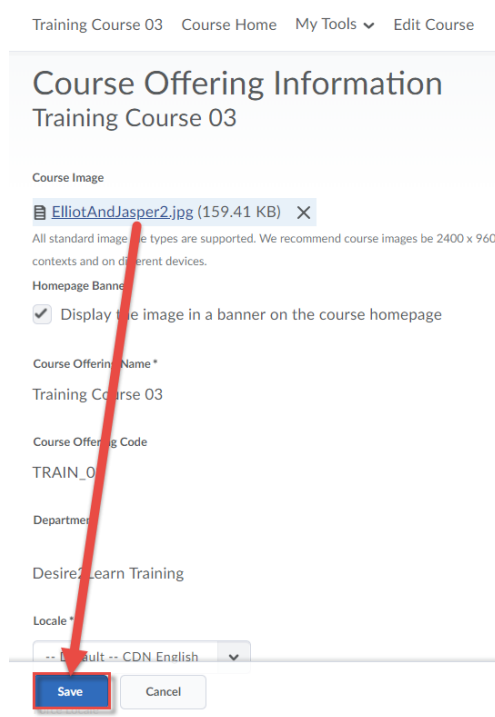

Cancel

And finally, clicking **Upload**, finding the image on your computer, and clicking **Add**.

6. Click **Save**, and return to your course homepage to see your new banner.

Things to Remember

Note that not all images will look good as a Banner. If you are uploading an image from your computer, you may need to edit and resize it first (on your computer) to make sure it looks right.
