

Adding Bonus Questions in a Quiz – D2L Tutorial

This tutorial is for faculty who have previous experience using the Quizzes tool in D2L. For further information or assistance, go to our [Team Dynamix Support portal](#) and click the appropriate Category to submit a ticket.

Scenario

This tutorial will cover the steps involved with making some of your quiz questions bonus questions (counting above the total grade for the quiz).

Steps

1. Go to the **Quizzes** tool in your course.
2. Edit an existing quiz, or click on the **New Quiz** button to create a new quiz.
3. On the **Properties** tab, under **Quiz Questions**, make sure you have added all the questions you want to appear in the quiz, including bonus questions. Then click **Edit Values**.

Things to Remember

If your quiz grade is being sent to the **Grades** tool, and students can get higher than the total for the quiz, make sure the grade item is set up to accept grades higher than the Points total. See the Grades Tool tutorial *Allowing a Grade Item to Exceed its Points Value* for more information.
