Making a Copy of a Kaltura Video in D2L – Kaltura Tutorial
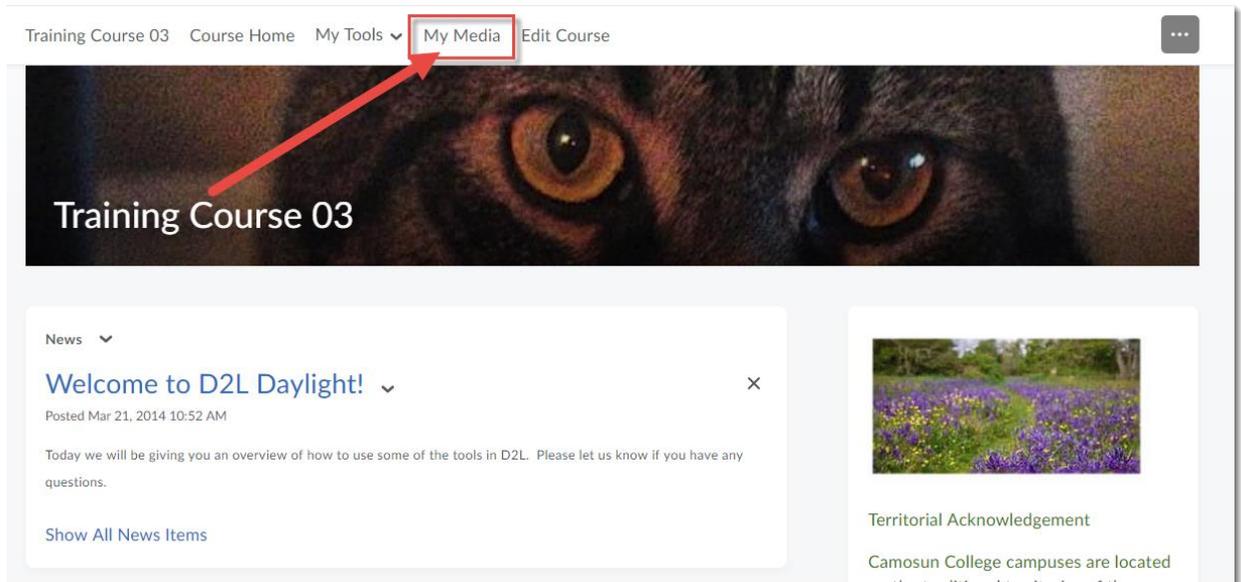

This tutorial is designed for faculty who have previous experience using D2L, and who have added videos to **My Media** in D2L. For further information or assistance, go to our [Team Dynamix Support portal](#) and click the appropriate Category to submit a ticket.
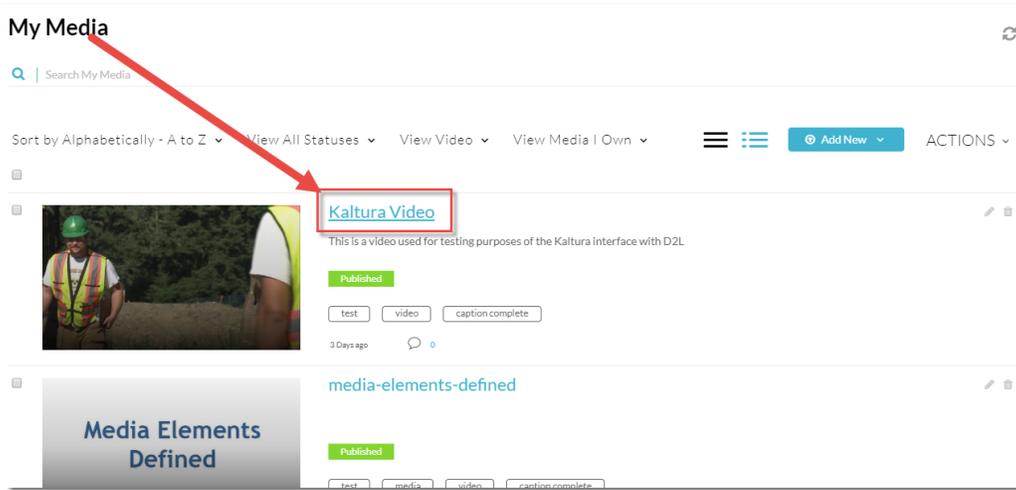

Scenario

This tutorial will cover the steps involved when you wish to make a copy of a video in Kaltura, for example so that you can edit the copy while keeping the original intact.
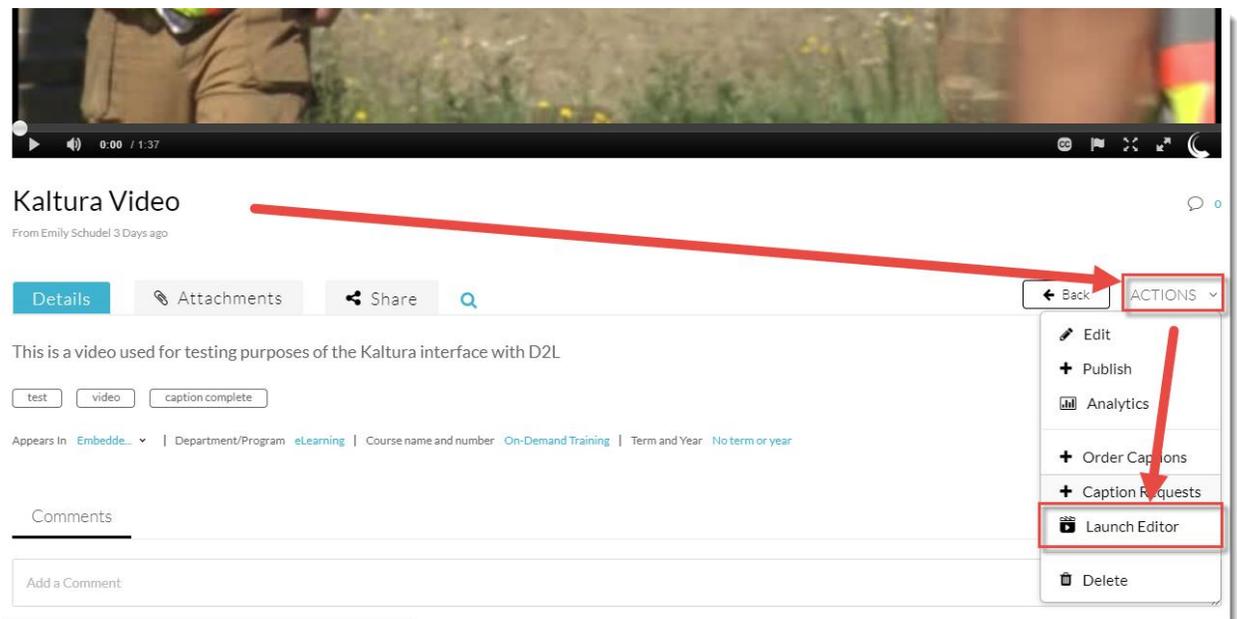

Steps

1. Go to your course in D2L.
2. Go to **My Media**.
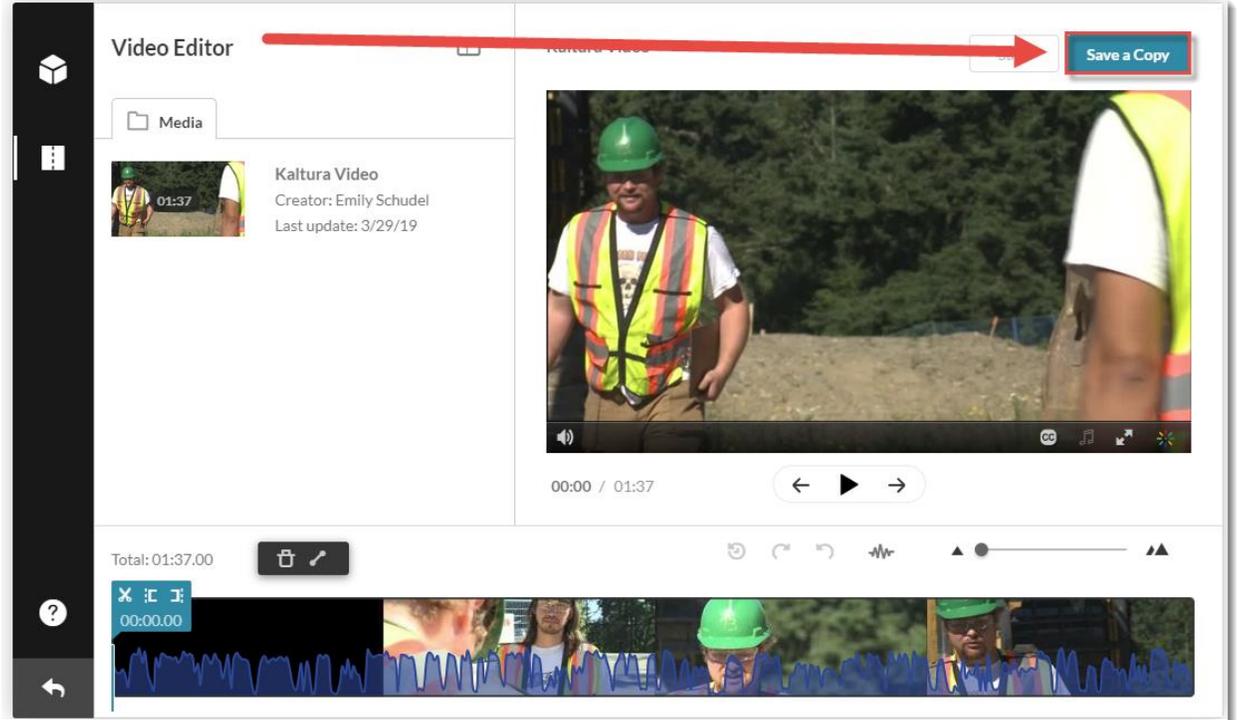

3. Click the title of the video you want to copy.

4. Scroll down, click **Actions** and select **Launch Editor**.

5. If a Warning pops up, click **OK**. Click **Save a Copy**.

6. Give your copy a title and click **Create**.

7. Click **Go to Media** Page to go to the copy, **Go to My Media** to return to Kaltura My Media, or **OK** to return to the Video Editor (which contains the original video).

Success

Your media, **Copy of Kaltura Video** , has been saved in My Media

Go to Media Page / Go to My Media

In-player captions will be saved, but will not be editable in the online editor.
Interactive transcript files will not be copied.

OK

Things to Remember

Once you have created a copy, you can open that copy and launch the Video Editor to make minor edits (clipping, trimming, etc.) to the copy. See the tutorial *Editing a Kaltura Video in D2L* for more information.
