

Using Discover to Self-Enrol into a D2L Course – D2L Tutorial

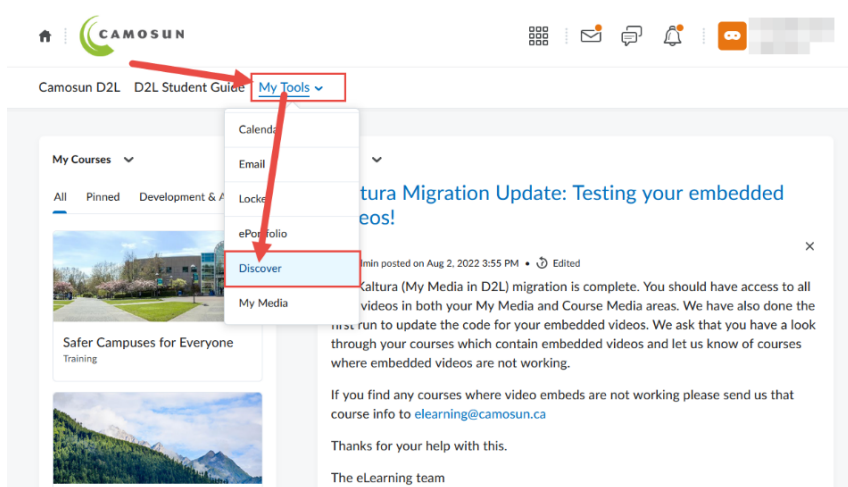

Camosun College offers some courses for training and enrichment. This tutorial provides step-by-step instructions for self-enrolling in one of these courses.

For further information or assistance, please visit our [Team Dynamix Support portal](#) and select the appropriate Category to submit a ticket.

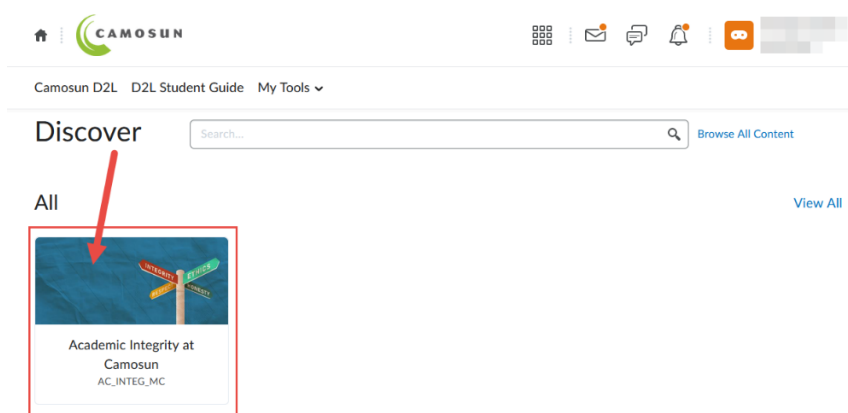

Steps

1. Login to D2L (<https://online.camosun.ca>) with your C# and password.
2. On the main Camosun **D2L homepage**, click **MyTools** in the navigation bar, and select **Discover** from the drop-down menu. If you are using a mobile device, click on the hamburger menu ☰ to access **My Tools**.

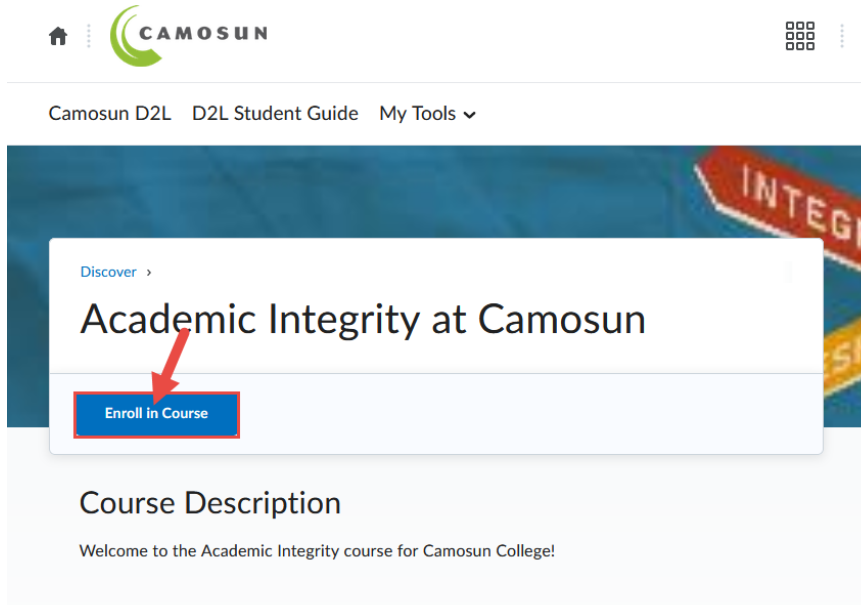

Notes: You must be on the D2L homepage, not on a course homepage to access the Discover tool.

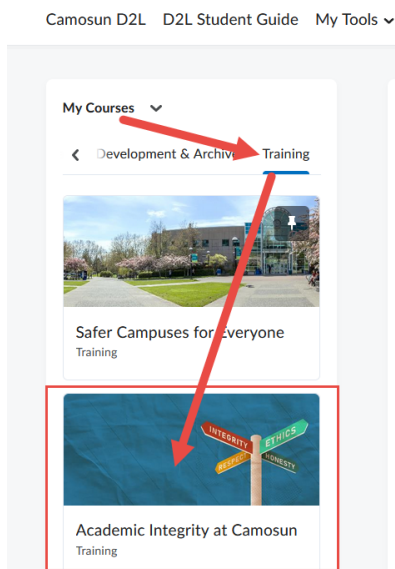

3. On the Discover page, click on the **course** you want to enroll in.

4. Click **Enroll in Course**, and then click **OK**.

5. The course you enrolled in will now appear in your **MyCourses** widget on the main D2L homepage under the **Training** tab.

Things to Remember

- If you do not see the course in which you want to self-enrol on the Discover page, the course may not be eligible for self-enrolment. If you have been told the course should be set up for self-enrolment, contact [eLearning Support](#) for help.
